

CHANCELLOR'S MEDAL

The University awards its Chancellor's Medal annually to a final-year student for excellent academic achievement. Dr Celeste Barnardo, here with Prof Arnold Schoonwinkel, Dean of the Faculty of Engineering, was the recipient of this sought-after medal in 2006. With an aggregate of 87,8% throughout her years of study she is one of the best undergraduate and post-graduate students ever to have studied in the faculty. She obtained her PhD in Civil Engineering in December 2006.
